

Please be advised that the newsletter for this week, is mostly about routines and procedures. Thank you.

Sun Protection

As a school we take sun protection very seriously. When children are outside we remind them to wear hats and to take their water bottles with them. There is drinking water available around the school for children to fill up their water bottles throughout the day. We advise all parents and carers to apply an eight-hour or long-lasting sun screen to their child/ren before school. There are areas of shade available and children are encouraged to use these during break and lunch times. Please support us in keeping your children safe by talking to your children about the risks of sun damage and how to keep themselves safe. We thank you for your ongoing support.

Hay fever medication and Piriton

If your child is likely to suffer from itchy eyes or other hay fever type symptoms, please administer medication before school. There is a one-a-day medication that could be taken the night before.

Footwear in school

Just a reminder that flip flop type footwear is not appropriate in school. Thank you for your support.

Attendance Bears

Introducing our 'Attendance Bears'. Every week, one class in Early Years and KS1 will be awarded a bear and one class in KS2 will be awarded a bear. The winning class will be the one with the highest attendance and will get to look after the bear for the whole week. Children have been asked to come up with names for the bears so we will announce them shortly.

TOP TED Winners:
Rabbit with 99.3%
TOP DOG Winners:
Woodpecker 98.9%

Toilets after school

Please note that once children have left school for the day, they should not be returning to use

the toilets. Unfortunately, we are unable to offer adults the use of the toilets, due to safeguarding reasons.

School Meal Payments Years 3 – 6

Just a reminder that school lunch money **must be paid in advance** – this is Surrey County Council policy. Thank you for your co-operation.

School Meal Arrangements

Please note that children need to choose either school meals or a packed lunch. Please remember to give 1 week's notice if you wish to change your child's lunch arrangement. Our numbers are fluctuating a lot at the moment – our kitchen staff need steady numbers so that they can order the correct amount of food.

Aerosols

Just a reminder that aerosols should not be brought into school (e.g. deodorants or cooling aerosol sprays), as some children and adults have asthma. Thank you for your support.

Year 4 lesson on organs

Year 4 had a lesson last week when we looked at

organs for our topic of Burps, Bottoms and Bile. We had the exciting opportunity to feel and examine a heart, lungs, kidneys and liver. From this activity, we were able to get some great ideas of descriptive vocabulary to use for our narrative stories set in the digestive system.

Parkrun updates

Well done to the following children who have completed 2K park runs:

Isabella D in Mole class

Time: 14 mins 3 secs

Bethany W in Mole class has completed 27 runs

Personal best time:

12 mins 35 secs

Oliver W in Owl class has completed 29 runs

Personal best time:

9 mins 27 secs

WOW! Well done, amazing achievements.

Lost ring

We have had a ring handed in at the office. If you have lost a ring, please come to the office and describe it so that we can return it to you.

Dates for your diary
