

1) To make a difference in a child's learning

2) To be part of a team.

3) Lovely environment
4) Progress and learn

Every child is unique and teaching all to achieve gives me job satisfaction that I don't think I would get anywhere else!

To make each day count!

To support each unique child's learning in their best way.
Enabling them to build confidence and enjoy learning

To ensure that the children who come into our care leave happy, having learnt something new every day!

To see how the children progress through the years.

~~Because~~ educating children

Because no two days are ever the same and seeing children have that 'lightbulb moment' is brilliant!

To inspire, to prepare children for life as future citizens.
To teach them to be literate and numerate.

I do what I do because I love working with children.
I enjoy seeing them grow each day and succeed.

To support staff in meeting the needs of children with SEN to ensure they enjoy school & make progress, both academically, & in other areas.

To help the children achieve life-long skills.

- Love working with my colleagues!

I get happiness that I helped a child learn something new.

- To inspire a love of learning.
- To provide a solid base for children to build their learning on.
- The feeling when a child 'gets it'!
- The children!

I enjoy working with children and I care about their learning and to inspire their love of learning.

I'm here to help the children learn & reach their potential

I love to broaden children's curiosity about topics & the wider world.

To be a positive role model &

To inspire

to make a positive impact on the lives of vulnerable children & their families.

To help and support the children for all their little wins!

Love enabling children to want and desire success. Every step is an achievement.

Because I believe that every child can succeed by being motivated to learn and by being loved and cared for. Our school is great at showing this. ♥

I get inspired by the children's innovative way of thinking and I hope I can inspire them, too! ♥

I am passionate about the opportunities quality education can provide young people - our future leaders & global citizens

To support staff to achieve their aims

- To support and guide families so they can support their children

- Variety - Music, Art, PE school trips
- Children are entertaining
- Teaching is creative, interesting and engaging

I work with a great team.
I feel hugely proud of the children when they achieve something they sand hard.

& I am committed to the APPS community in playing my part in giving them opportunities to & help them to become confident,

to contribute the smooth running of the school

• To support SEN learners

• To enable learners to reach their full potential.

* Rewarding when children achieve or overcome barriers
* Inspire children
* Broaden their understanding of the world
* Develop the child as a whole.

To help children to grow into independent young people, guiding them to be successful in every way. Plus, (as I've always wanted to be a teacher!) 😊 one day!

independent contributors, participants & leaders of the as yet unknown future.

to create a safe environment

Education opens doors. I want the children in my care to have as many doors as possible to open.

To make a difference
