# School Dog Risk Assessment

## Purpose

1. **Dogs teach children responsibility.** Having to remember to feed, provide water and show support for a dog can give children a sense of importance and satisfaction that they can't get from school or other chores. The relationship that develops can be life-changing for a child and a great support system as they themselves continue to grow and develop.
2. **Dogs teach children patience.** Dogs do not always do as they are told first time!
3. **Dogs teach children compassion.** Just like humans, dogs feel emotion and pain. They are prone to injuries and the infirmities of age during their relatively short lives.
4. **Dogs teach children about socialisation.** Like most of us, dogs are social animals who enjoy and need attention and affection. By learning how to interact with a dog, children can learn how to better socialise with other children. If they can learn the social cues of a dog, then interacting with humans who can talk will be a walk in the park (pun intended).
5. **Dogs are fun.** Last, but certainly not least, dogs are a lot of fun. They greet you with a wagging tail every day and can cheer you up even on your worst day.

Many people have studied dogs in attempts to decipher their behaviour, and the theories abound. However, you just have to witness the interactions between dogs and children to realise the potential for greatness. Dogs can sense when children with epilepsy are about to have a seizure, they can sense when a diabetic child's sugar is low, and they can help children with severe physical disabilities find happiness in life. With the proper training and supervision, a dog can enrich a child's life. After all, dogs are basically four-legged children who never grow up!

## Introduction

The Ashford Park Primary School Dog 'Ziggy' lives with our Class Teacher, Miss Tveit, and her family. Ziggy is a very caring and well behaved puppy who has the right temperament to become a real asset to Ashford Park Primary School.

Ziggy's Mother is a cavalier spaniel and his father is a toy poodle. This makes Ziggy ½ cavalier spaniel and ½ poodle – this mix is known as a Cavapoo.

Ziggy has public liability insurance, this means he can come into school. Ziggy regularly visits the vet for check-ups. Whilst he is there they administer worm and flea treatments as well as make adjustments to his food intake to ensure he remains a healthy weight.

In addition to the 5 key reasons for Ziggy joining us outlined in the purpose we also believe he will improve the children's abilities within the school and help to improve and secure higher attendance levels.

## Area: Interaction with pupils and staff

**Reason: To ensure the school dog interacts appropriately at all times**

<b>Step 1 Identify the hazards</b>	<b>Step 2 Who might be harmed &amp; how?</b>	<b>Step 3 What are you already doing?</b>	<b>Risk Rating</b> Trivial / low / medium / high / stop	<b>Step 4 Is anything further needed?</b>
School dog biting a child or adult	Child or adult could be hurt if the school dog bites	The school dog is being trained not to bite. When the dog is approached in the correct way there is very limited danger. Ziggy lives with Miss Tveit who handles him all the time to ensure that he is used to interaction with children	Low	Ensure that children and adults do not interact with the school dog without supervision Ensure that all interaction with the school dog is completed in the agreed way
Jumping up / scratching	If the school dog becomes excited there is a danger that he could jump up and knock a child over or leave a scratch mark	The temperament of Ziggy and the agreed training programme has involved not jumping up with praise/rewards being given when successful. A letter was sent home asking parents to sign and return the form if they were unwilling for their child to have contact with Ziggy. Parents asked to explain their wishes to their child and ask them not to approach the dog if they do not want any contact	Medium	Ensure that children and adults do not interact with the school dog without supervision. The school dog will be enclosed in a cage when people come to interact with him or under lead control by an authorised adult
Running loose	If the school dog was to run loose he could hurt children/adults or damage property	The school dog will be contained at all times either in an office (with a clear sign on the door), in a cage or on a lead	Low	Monitor that the equipment used to contain the school dog is appropriate and effective
Direct interaction with children/ staff	If the school dog is allowed to interact when not in the correct frame of mind children/ staff could be scratched	No interaction is allowed without authorisation. Interaction will be cancelled if the school dog shows signs of incorrect behaviour. Rewards/praise will be given to reinforce the desired behaviour	Medium	Ensure that the dog is approached in the agreed manner

Destruction of materials	If allowed the school dog may chew/destroy some school materials/resources	The school dog will be contained at all times. The school dog will have his own toys to play with and normal school resources will be removed	Low	Monitor that the equipment used to contain the school dog is appropriate and effective

## Area: Pupils and staff interaction with the school dog

**Reason: To ensure the school dog is effectively supported to interact appropriately at all times**

Step 1 Identify the hazards	Step 2 Who might be harmed & how?	Step 3 What are you already doing?	Risk Rating Trivial / low / medium / high / stop	Step 4 Is anything further needed?
Incorrect / inconsistent interaction with dog	If a child/adult interact with the school dog in the incorrect or inconsistent way this will affect the school dogs training and have a negative impact on future interaction	Agreed guidelines that must be followed at all times when interacting with the school dog. There cannot be any interaction with the school dog without authorisation	Medium	If there are any inconsistencies in approach with the school dog the adult/child will have the interaction stopped
Use of rewards / treats	Children and adults could be harmed if the school dog is over excited when receiving a reward/treat. Children/adult must clean their hands after handling treats	Alcohol gel will be available to all adults (and children with written permission from parents). Treats will only be given to the school dog with authorisation	Low	Reminders to the children to wash hands / use alcohol gel after handling treats. Treats to be locked away to ensure they can only be used after authorisation
Pupil/staff knowledge of interaction with a puppy / dog	If adults and children have limited knowledge of how to interact correctly this could result in harm to the school dog or themselves	The Dog's Trust will be visiting each year group to conduct a 'Be Dog Smart' course with all of the children	Medium	There will be an agreed format for how to interact with the school dog

## Area: Hygiene / Health

**Reason: To ensure that pupils, staff and the school dog do not have an increased risk of illness as a result of the school dog being in school**

<b>Step 1 Identify the hazards</b>	<b>Step 2 Who might be harmed &amp; how?</b>	<b>Step 3 What are you already doing?</b>	<b>Risk Rating Trivial / low / medium / high / stop</b>	<b>Step 4 Is anything further needed?</b>
Worms / fleas	If the school dog is not treated for worms there is a danger that germs can be transferred to humans	The school dog will be treated monthly at a local vets to ensure he is correctly treated for worms and fleas	Low	Monitor that vet visits happen promptly and take actions suggested by the vet
Faeces	If a child/adult come into contact with the school dog's faeces some germs could be transferred	The school dog will only be walked under supervision. No child will be asked to pick up the dog's faeces, this will always be undertaken by the adult in supervision	Low	If a child finds faeces on the school field/playground they will report it to an adult
Allergies	If a child is allergic to dogs they could become unwell	Children will not be in contact with the school dog if we have received a negative response form from parents/guardians. If a child has an allergy the school dog will not carry out tasks near the child	Medium

**Reason: To ensure that the school dog has a meaningful and safe impact on the school community**

<b>Step 1 Identify the hazards</b>	<b>Step 2 Who might be harmed &amp; how?</b>	<b>Step 3 What are you already doing?</b>	<b>Risk Rating</b> Trivial / low / medium / high / stop	<b>Step 4 Is anything further needed?</b>
Walking the dog on and off the site	Children could be harmed during a walk offsite if they are not focussed. Children might be harmed if they do not interact correctly when the school dog is on a walk	If the school dog is taken off site normal risk assessed procedure will take place. No children will take the lead when the school dog goes for a walk unless authorised to do so by accompanying adult. No children will be allowed to interact with the school dog when he is on a walk unless permission is given	Medium	Careful consideration needs to be given to the amount of time the school dog is allowed to walk around school during play/lunchtimes
