

## Year 3 Autumn 2 2025

### Home learning

This half term we are going to be learning about Light in our Science lessons and Southern Europe in our Geography lessons. Please choose one activity from either subject to complete.

The deadline for projects to be brought into school is Monday 8<sup>th</sup> December 2025

#### Light/Science

- 1) Create a shadow puppet and record yourself performing a show to upload onto Google Classrooms.
- 2) Use your knowledge of light, reflection and shadows to create a quiz for a friend or family member! You should ask between 5 and 10 questions. Make sure you also make an answer sheet. You might choose to write your quiz on paper, or you could use a computer. Why not add pictures? You could draw them yourself or find images using a computer.
- 3) Draw a shadow picture. Use a torch or the sunlight to cast the shadow and then draw around it. Colour and label your shadow picture.

#### Southern Europe Geography

- 1) Draw and label a map of Southern Europe, marking key countries like Spain, Italy, Greece and Portugal.
- 2) Research traditional Southern European recipes like pizza, pasta, paella, or Greek salad, and then try making one at home.
- 3) Make a craft of the flags of Southern European countries. You can use coloured paper, scissors, and glue to create your flags, and then learn about the meaning behind the colours or symbols.
