

Year 3 - Core knowledge

Elijah W from Owl class and his project linked to science and plants he worked hard on with Miss Cullen. Fantastic learning summarising the plant parts and their function. Well done, Elijah! Keep growing and be-leaf in yourself!

In our maths lessons, we have been learning about money. The children completed a variety of practical tasks, including pricing objects, acting as shopkeepers, working out what they could buy with a budget of £5 or £1, and calculating how much change they would receive. They used the column method for addition and subtraction that they have learnt this year.

 **Fantastic**

The Big School Workout: Live with Joe Wicks for Mental Health Week

Joe Wicks lead a high-energy workout for children to celebrate Mental Health Awareness Week. Schools across the country took part together, discovering how moving our bodies can boost our mood, build resilience, and support our mental wellbeing.

Year 3 Robin thoroughly enjoyed taking part. The children showed fantastic enthusiasm and energy as they joined in with the exercises, understanding the importance of keeping both their bodies and minds healthy.

It was a fun and positive experience that left everyone smiling and feeling refreshed!

DANCE

Year 3 have had a fantastic time in PE this term, using the dance skills they have learnt to choreograph and perform their own routines. The children worked brilliantly in teams, showing creativity, confidence, and great teamwork as they put together exciting sequences of movements. It was wonderful to see everyone expressing themselves through dance and having so much fun along the way!

THANK YOU!

KEY DATES FOR YOUR DIARY

INSET Days 2026
22nd July 2026

MAY HALF TERM: Monday 25th - Friday 29th May

June 2026
