Arrangements for provision

Menu items containing allergens are produced in the same kitchen environment as allergy free menu items. Robust measures are in place to minimise or eliminate the contamination risk during storage, food production, cooking and service but please be aware that the environment is not allergen free.

It is the responsibility of the parent/carer to inform the school in writing of any changes to the pupil's allergy/intolerance.

Commercial Services offer a range of menu options to accommodate specific dietary requirements and the menu best matching these will be made available. Please note that specific menus are not developed for individuals.
